September 2021

### Bike To School Week

Dear Parents,

Bike To School Week is taking place on Monday 27th September - Friday 1st October 2021.

This is a week long event taking place across the UK to encourage families to cycle and scoot to school. This is a great way to celebrate the huge benefits an active life can bring.

Active travel is more important than ever to help pupils get to school safely and healthily. The start of term is a great time to establish positive travel habits early.

Cycling to school has many benefits including:

- Pupils who are more relaxed, alert and ready to start the day.
- Fewer cars helping to improve local air quality and reduce congestion.
- Children who are more aware of road safety and who feel more independent.
- A boost to physical and mental health wellbeing.

We would very much like to encourage our Key Stage 2 children to participate in Bike to School Week. Parents can accompany children on their bikes and scooters to school. Bikes can then be left securely on school grounds until the end of the school day.

Yours Sincerely

Mr L Batey

Headteacher
